About the Hibiya Park Gardening Show

2026
Event Theme

Let's Connect Flowers, Greenery, and Serenity!
- from HIBIYA -

The Hibiya Park Gardening Show began in 2003 to commemorate the 100th anniversary of the opening of Tokyo Metropolitan Hibiya Park. This year marks its 24th time. Working toward a sustainable and peaceful society for the future, we will share the potential of the "power of flowers and greenery" with the world from Hibiya!

About the Garden Contest

The Garden Contest at the Hibiya Park Gardening Show is one of Japan's top-level competitions, featuring entries from professionals and amateurs alike. By inviting entrants to compete in creative and innovative designs and displays of flowers and greenery, the contest aims to improve skills and develop talent. It also aims to contribute to the promotion of flowers and greenery by sharing these creations not only with park visitors but also with wider audiences in Japan and abroad. This year, approximately 180 works are on display across four categories.
